### N. A. A. C. P. APPEALS FOR FUNDS

The National Association for the Advancement of Colored People today sent out the following urgent appeal to Colored people throughout the United States:

1. In Arkansas. Shall 6 Arkansas Negroes be hanged for lack of money to defend them? The Supreme Court of the United States has denied an appeal for a

new trial of six Negroes condemned to death for alleged complicity in the Arkansas riots of 1919. Word comes from Mr. Scipio A. Jones, of Little Rock, Arkansas, that a strong sentiment has already been created in favor of commuting the death sentences.

The next step is habeas corpus proceedings. The National Association for the Advancement of Colored People ap-

peals to you for immediate assistance in behalf of these men. The Colored men were condemned by juries from which Colored men were excluded, without change of venue, in the very county in which the disorders took place.

Do you want to help defend these men? If so, please send contributions to J. E. Spingarn, Treasurer, 70 Fifth

Avenue, New York City.  
2. In Haiti. The United States has invaded Haiti in violation of the Constitution of the United States, according to Mr. Moorfield Storey, ex-president of the American Bar Association. James Weldon Johnson, acting secretary of the National Association for the Advancement of Colored People, went to Haiti and brought the facts to light. Will you back up this Association in its fight for Haiti's freedom and for the integrity of the United States in the Caribbean? If so, please send contribution to J. E. Spingarn, treasurer, 70 Fifth Avenue, New York City. Information can be had of this office by telephone (Cheese 3236), by letter or by personal call.

### MANY STILL MIGRATING.

(By A. N. P.) Jackson, Miss., Oct. 21.—A Jackson man (white) who recently made a trip over the Illinois Central railroad to the northern part of the state, says that when the train reached Grenada, he noticed a great crowd of Negroes gathered there. He appealed to the conductor to know where so many Negroes were going, and was told that they were "just headed north." The conductor explained that it was nothing unusual for fifty to 250 Negroes to go north on his train every trip, some getting on at other stations, but that the majority of them boarded the train at Grenada. These, he stated, were all from the Delta. They told that crops were mighty short and they saw no use staying there to gather what they had made for just their feed, when they could get out and go to St. Louis, Chicago, Detroit and other cities of the North and get wages amounting to from \$3 to \$5 per day. There is no doubt this exodus has assumed great proportions, and that the Negroes are leaving Mississippi by the thousands. Hinds county had lost about 7,000 in population in the last ten years. A great many of the Negroes left the hill sections of the state for the Delta, but now that the boll weevil is making its presence felt on the great cotton plantations bordering on the river, they are moving again. So far little effort has been made to stem the tide of emigration, and the labor problem is one with which the state is going to have to wrestle in the near future more diligently even than now, it appears.

### WILL DISCUSS NEGRO EDUCATION.

(By A. N. P.) Atlanta, Ga., Oct. 21.—Announcement has been made by F. P. Clayton, commissioner of the bureau of education at Washington, that a conference will be called to discuss Negro educational questions. The conference is to take place in Atlanta, in the Senate chamber of the capitol, Friday and Saturday, November 19 and 20.

Among the subjects to be considered at the conference include the following: The work, the conditions and needs of the Negro in agriculture and mechanic arts for Negroes of the Southern states, industrial education for Negroes in and out of the preparation of teachers for Negro schools.

### MAN BEATEN WHO JOSTLED COLORED WOMAN.

(By A. N. P.) Pittsburgh, Pa., Oct. 21.—There was a clash between white and Colored here recently when a white man, who refused to apologize, was beaten by a Colored woman on the street. The man was arrested and taken to the police station in an effort to get at two white men arrested in connection with the disturbance. A general riot call was sent in, and an order was restored. One of the members of the crowd remarked: "We believe in law and order, but we are weary of seeing it a one-sided affair. The white people are all the time talking about respect for their women, which is fair enough, but we have come to the time and place where we are going to have our share of respect for our women." A Colored woman of respectability had been beaten down without some white man coming to her aid. She was taken to the hospital, and the man who beat her is now in jail. This condition is not confined to Pittsburgh, but everywhere, and in the South it is beyond description. All of us should respect all women everywhere, and then trouble will stop.

Plans for the completion of St. James M. E. Church and the establishment of the Bishop's Council during the first part of 1921 are moving forward satisfactorily.

### PLANS FOR BISHOP'S COUNCIL BEING COMPLETED.

Plans for the completion of St. James M. E. Church and the establishment of the Bishop's Council during the first part of 1921 are moving forward satisfactorily. This meeting of Bishops in Dallas will mark the first visit of the Council to Texas in 110 years or since the organization of the A. M. E. church by Bishop Richard Allen. This gathering is in reality the most important connectional gathering of the A. M. E. Church. It brings together more than a thousand of the leaders of all church circles including 19 bishops of America, Canada, Africa and the South Sea Islands, representatives of the C. M. E. and A. M. E. Zion churches who will discuss organic union, heads of Colleges and leading pastors and laymen from all over America. The Council is in reality two conferences divided into the Bishop's Council, in which Bishops alone confer as is in the furtherance of the church, and the Connectional Assembly in which the bishops meet with representatives of other church organizations. While A. M. E. Churches over the whole state are convened in the success of this meeting, the presiding bishop, Rt. Rev. D. D. Johnson and the local pastor, Rev. C. W. Johnson, are most anxious that their preparations be most thorough and the importance of this meeting to the church and the public in order that its co-operation in making it a highly successful in every way be promptly given.

### HAITIAN INVASION CALLED VIOLATION OF U. S. CONSTITUTION BY MOORFIELD STOREY, EX-PRESIDENT OF AMERICAN BAR ASSOCIATION.

Moorfield Storey, of Boston, ex-president of the American Bar Association and president of the National Association for the Advancement of Colored People, today authorized the following statement on Haiti, which was given out at the office of the Advancement Association, 70 Fifth Avenue, New York. "General Lejeune's report on the conduct of United States Marines in Haiti only emphasizes the fact that there has been no specific denial of the serious charges made against the American Occupation of that island. The charges made by Mr. James Weldon Johnson, acting secretary of the National Association for the Advancement of Colored People, and by Mr. Herbert J. Seligmann, were to the effect that some 3,000 Haitians had been killed by Marines; that men and women had been tortured; that undue pressure had been exerted upon President Lescot, and that a rigid censorship was being maintained about the Haitian situation from the United States. "In answer to these specific charges it is hardly sufficient to assert that some Haitians are grateful for what has been done and that the American adventure in Haiti has been beneficial. "Our whole intervention in Haiti is in violation of the principles we profess and of our Constitution; and whatever the Haitians have done has been obtained by force. We have made war on Haiti without authority from Congress."

### OFFICER KILLS MANIAC IN FIGHT IN MIDAIR.

Shoots Negro Off Sky-scaper and He Falls in Clothes Basket. New York, Oct. 21.—Patrolman Martin Gill struggled twenty minutes on the roof of a five-story building with San Domingo Negro he was trying to arrest and then shot his antagonist to save himself from being hurled into the street. The Negro, with a bullet in his back, slid off the roof, falling into a basket of wash a woman had left on the sidewalk. There he died. Scores of pedestrians watched the struggle, along with guests of nearby hotels. Finally a former sailor dashed up to the roof and caught Gill by one leg just as the Negro was about to roll him over. The Negro, identified as Rafael Cofin, had obtained Gill's pistol. He fired at the patrolman, wounding him in the shoulder. The sailor cracked Gill on the head with a stick and as the Negro made his last furious rush, Medical examiner Morris later expressed the opinion Cofin was insane. A veteran of the world war, who recently rescued two women from drowning, said he had attempted to arrest Cofin on complaint of a woman that he had insulted her.
